## Instructions:

1. Print out these sheets on paper, then cut out the square around the snowflake.
2. Next, fold the snowflake. See the gray area? Be sure to fold your snowflake so that the gray area stays on top at all times.
3. Using the solid lines as a guide, fold the paper until all you see is the gray area.
4. Carefully cut out the gray areas along the dotted lines.
5. Open your snowflake! Isn't it beautiful?
6. You can use a string to hang your snowflake, or use tape to stick it to a wall or window (ask your parents first!).
